

Wizard Arcade

Mobile Terminal

The Wizard Arcade™ Mobile Terminal is part of our Arcade gaming platform. The platform is our latest generation of gaming system that provides cost-effective solutions while also taking advantage of state-of-the-art technology.

This terminal comes in multiple form factors with some weighing in as low as 17 ounces. The terminal also utilizes a large color screen and has a touchscreen option for simplified player interaction. The Wizard Arcade™ operates over a secure Wi-Fi network with all communications, Point of Sale, loading, games and results being transferred wirelessly. The Wizard Arcade™ can simultaneously play Class II, Class III and conventional bingo games along with delivering player-targeted promotions and advertising.
